

Acknowledgements

The editors would like to thank many people who have contributed to the success of this book. Elena Paoletti, Coordinator of the Research Group 7.01. “Impacts of Air Pollution and Climate Change on Forest Ecosystems” of the International Union of Forest Research Organizations has been a strong advocate of the symposium “Forest Fires and Air Pollution Issues” organized in Riverside, CA on September 11, 2006, and the book that resulted from that meeting. Erik Berg, Manager of the Joint Fire Science Program has been instrumental in assuring financial support for the symposium and production of this book. Susan Schilling helped with various administrative and technical tasks during the entire cycle of the book production. Laurie Dunne provided highly professional and flexible editorial services. Linda Versteeg-Buschman of Elsevier with great patience and understanding supported the editors. Sincere thanks go to the reviewers of individual chapters: Paulo Barbosa, Tina Bell, Randall Benson, Richard Birdsall, Tina Boucher, Robert Burgan, Scott Chang, Shyh Chen, Roland Draxler, Jo Ann Fites-Kaufman, Mark Fenn, Francis Fujioka, Rick Graw, Warren Heilman, Cindy Huber, Chris Johnson, Robert Keane, Jacek Kozak, Bob Kremens, Yongqiang Liu, Rainer Matyssek, Kevin McKelvey, Donald McKenzie, Sylvia Mori, Max Moritz, Roger Ottmar, Jeanne Panek, David Peterson, Janice Peterson, Thomas Pierce, Brian Potter, Miriam Rorig, Lindsey Rustad, Hanna Sakowska, Jesus Santamaria, Martin Schultz, Uma Shankar, William Sommers, Alan Taylor, Jan Van Wagendonk, David Weise, Christine Wiedinmyer and Ruixin Yang.

We extend our thanks to Professor Sagar V. Krupa, editor of the Elsevier series “Developments in Environmental Sciences” for his continuous support during the production of this book.

Financial support for the book has been provided by the Joint Fire Science Program and the US Forest Service Pacific Southwest Research Station.
