

Love Our Environment: Be the Change

PRACTICAL STEPS FOR A GREENER SCHOOL

MASTER THE 3Rs

Commit to Reducing waste, Reusing materials, and Recycling solid waste correctly.

CUT DOWN ON SINGLE-USE PLASTICS

Take simple daily actions at school to eliminate unnecessary plastic waste.

INNOVATION FROM WASTE

Transform discarded materials into valuable products that have practical or economic use.

UNDERSTANDING OUR IMPACT

PROTECTING THE KELANTAN ECOSYSTEM

Local pollution directly lowers the quality of life for the Rantau Panjang community.

STUDENTS AS CHANGE AGENTS

Every student has a personal responsibility to lead the way in environmental preservation.
